Hearing Aid Compatibility Status Report (FCC Form 655)

Reporting Period: January 1, 2017 - December 31, 2017

Filing Confirmation Number: 0008057508

Filing Deadline: January 16, 2018

FRN: 0002534618

Filing Date: 01/10/2018 10:45 AM

General Report Information

Type of Company

Service Provider

De Minimis Exception

Did you offer any handsets to subscribers in the United States during the reporting period? Yes

Have you been offering handsets in the United States for at least three years prior to the end of the reporting period? Yes

Date that you began offering handsets in the United States

Are you a small entity? Yes

Were you a small entity at any time during the three years prior to the end of the reporting period?

Date that you ceased to be a small entity?

Company Information

Company Name: Northwest Missouri Cellular Limited Partnership

Brand Names: Northwest Missouri Cellular
NorthwestCell

PO Box:

Street Address: 1218 South Main

City: Maryville

State: MO

Zip Code: 64468

Contact Name: Megan McAdams

Contact Phone: (660) 582-3334

Contact Fax: (660) 582-3380

Contact Email: megan@nwmcell.com

Filing Agent

Is this report being filed by an agent on behalf of a manufacturer or service provider? Yes

Agent Name: Herman & Whiteaker, LLC
PO Box:
Street Address: 6720-B Rockledge Dr., Suite 150
City: Bethesda
State: MD
Zip Code: 20817

Contact Name: Kenneth C. Johnson
Contact Phone: (202) 827-0664
Contact Fax: (202) 706-6056
Contact Email: ken@hermanwhiteaker.com

Product Labeling

Do all hearing aid-compatible handsets include labeling? Yes

Explain:

Do all hearing aid-compatible handsets that were tested under ANSI C63.19-2007, and that are capable of voice communication over any air interface or frequency band that does not have hearing aid compatibility technical standards under ANSI C63.19-2007, include the required language disclosing that the handset has not been rated for hearing aid compatibility with respect to such operation?

N/A

Explain:

Do all hearing aid-compatible handsets that were certified only under ANSI C63.19-2007, but that the manufacturer also tested and found not to meet hearing aid compatibility requirements under ANSI C63.19-2011 for one or more operations that are not covered under ANSI C63.19-2007, include language informing users by clear and effective means that the handset does not meet the relevant rating or ratings with respect to such operation(s)?

N/A

Explain:

Do all handsets that are capable of use for Voice over LTE, and that were certified for inductive coupling capability under ANSI C63.19-2011 without being tested for inductive coupling capability over VoLTE, include language disclosing that they were not tested with respect to this operation?

N/A

Explain:

Do all handsets that meet the criteria for an M3 rating by allowing the user to reduce the maximum power for GSM operation in the 1900 MHz band include the required disclosure?

Explain:

Public Website

Does your company maintain a public website describing all hearing aid-compatible models, the ratings of those models, and an explanation of the rating system? Service provider websites must include the levels of functionality that the service provider has defined, the level that each hearing aid-compatible model falls under, and an explanation of how the functionality of the handsets varies at the different levels.

Yes

Website address: <http://www.nwmcell.com>

Explain:

Consumer Outreach

Describe consumer outreach efforts in the past 12 months: Northwest Missouri Cellular maintains a public website

displaying its entire selection of handsets and devices, including those that are HAC compliant. Sales and customer service personnel are trained to assist existing and prospective customers in identifying HAC-compatible handsets and devices. Existing and prospective customers can typically find whether a handset or device is HAC compliant by either checking the packaging containing the handset or device, or by consulting the packaging insert or operations manual. For more information on HAC, customers are directed to www.accesswireless.org/Disability-Categories/Hearing.aspx and other public websites dedicated to HAC education.

Methodology for Functionality Levels

Northwest Missouri Cellular offers HAC-compliant handsets and devices in all major price and feature categories, including low-cost and features ("C" level); moderate-cost and features ("B" level); and high-end, feature-rich ("A" level). HAC-compatible handsets and devices vary in their inherent "levels of functionality," but at least one HAC-compliant handset or device with features and services typical of its price category can be found that meets each customer's price range.

Report Remarks

You have reported the following handset model summary information.

Total number of handsets offered: 34

Air Interface	Fully Hearing Aid Compatible		Acoustic Coupling Compatible Only		Non-Compliant Handsets		Total by Air Interface
	Number	Percent	Number	Percent	Number	Percent	
CDMA	34	100%					34
LTE	32	100%					32
